MINUTES OF THE PERMANENT TRADE FACILITATION COMMITTEE MEETING HELD ON 18.12.2025

The meeting of Permanent Trade Facilitation Committee (PTFC), for the month of December 2025, was held in the Conference Hall of ACC at 12:00 Noon on 18.12.2025 and was chaired by Shri Hardeep Batra, Commissioner of Customs (Export). The following officers and representatives participated in the meeting:

Sl. no.	Name & Designation	Organization
1	Shri Tagadi Manjunath, Addl. Commissioner of Customs (Import)	Customs, ACC, Mumbai
2	Shri Neelesh Rautkar, Addl. Commissioner of Customs (Import)	Customs, ACC, Mumbai
3	Shri Sunil Kumar Gautam, Addl. Commissioner of Customs (Export)	Customs, ACC, Mumbai
4	Shri N Pandiyaraj, Joint Commissioner (Export)	Customs, ACC, Mumbai
5	Shri G.L Narsimham, Deputy Commissioner (Import)	Customs, ACC, Mumbai
6	Ms. Daribha Lyndem, Joint Commissioner (Export)	Customs, ACC, Mumbai
7	Shri Kiran V. Vaidya, Assistant Commissioner of Customs (Import)	Customs, ACC, Mumbai
8	Shri M. Sree Harsha, Assistant Commissioner of Customs (Import Shed)	Customs, ACC, Mumbai
9	Shri Rajesh Ramlal Solanki, Assistant Commissioner of Customs (SIIB(I))	Customs, ACC, Mumbai
10	Ms. Jolly Koshy, Assistant Commissioner of Customs (Import)	Customs, ACC, Mumbai
11	Shri Gautam Shelare, Assistant Commissioner of Customs (Import)	Customs, ACC, Mumbai
12	Shri Itha Ramalingeshwara Rao, Assistant Commissioner of Customs (Group - V (A))	Customs, ACC, Mumbai
13	Shri Deepak Kumar Singh, Superintendent, (Import Technical)	Customs, ACC, Mumbai
14	Shri Mankesh Meena, Superintendent, (Import Technical)	Customs, ACC, Mumbai

15	Shri Gaurav Gupta, Superintendent, (General)	Customs, ACC, Mumbai
16	Shri Shashank Shekhar, Examiner, (Import Technical)	Customs, ACC, Mumbai
17	Shri Sourav Kumar, Examiner, (Import Technical)	Customs, ACC, Mumbai
18	Shri Praveen Kumar, Examiner, (Export)	Customs, ACC, Mumbai

Sl. no.	Name of attendees of Stakeholders	Organization
1	Shri Ketan Desai, Secretary	BCBA
2	Shri Sanjeev Harale, President	BCBA
3	Shri Kaushal Thakkar, Import Chairman	BCBA
4	Shri Dushyant Mulani, IMM Past Chairman	FFFAI
5	Shri Mark S Fernandes, Director	IMCCI
6	Shri Paresh Sangani, Chairman	BCBA
7	Shri Chaitaly Mehta, MG- Exports	BCBA
8	Dr. Sharmila Amin, Co-convenor (WR)	AMTOI
9	Shri Rajen S Bhatia, Chairman	ACAAI
10	Shri Shailesh Sharma, Secretary	ACAAI
11	Shri Parshuram Upadhyay, DGM Sec.	CSC
12	Shri Aslam Shaikh, Asst. Manager	MIAL
13	Shri Naresh Kumar, Dy. Manager	MIAL
14	Shri Sudhir Manipur, Manager OPS	UR
15	Shri Subodh Thakur, Manager	MCSCAPL
16	Shri Mandar Rane, CSO	MCSCAPL
17	Shri Amit Kadam, Asst. Manager	MIAL
18	Shri Mahesh Bowlay, Sr. Manager	Sequel One
19	Shri Ramesh D. Phadakale, Stamp Inspector	DoRS
20	Shri V. P. Salunke, Executive Operations	AIASL
21	Shri Hiren Joshi, Deputy Task Manager	AIASL
22	Shri Jankiram Kadam, Tech. Officer	FSSAI

The Commissioner of Customs (Export) welcomed all the attendees. There were 02 points open for discussion from the last PTFC meeting. The following agenda points were taken up for discussion and decision: -

OPEN POINTS FROM LAST PTFC MEETING HELD ON 28.11.2025

1) Delay in amendment of Bill of Entry requiring cancellation of OOC:

The BCBA has raised an issue regarding delays in amending Bills of Entry which require cancellation of Out of Charge (OOC). It is submitted that during the clearance of import consignments, cancellation of OOC becomes necessary to amend details such as MAWB/HAWB, IGM, etc., in the Bill of Entry.

The BCBA has requested issuance of a Standing Order/Public Notice prescribing a streamlined procedure, particularly where no revenue implication exists, to avoid delays and ensure facilitation of trade.

Discussion and Decision:

It was informed that drafting of a Standing Operating Procedure (SOP) addressing the simplification of OOC cancellation for non-revenue-impact RMS cases will be taken up.

Additionally, BCBA had requested in the last PTFC meeting that OOC be permitted for part-delivery of packages, as the importer has already paid the applicable duty for the entire consignment. These kinds of cases are said to be happening 1-2 times a month.

ADC (I) informed that part clearance request may be allowed for AEO T3 on case by case basis.

(Point Closed)

---

2) Review of 3rd Country Export Formalities:

The BCBA has highlighted that the existing procedure for processing for 3rd country needs to be reviewed as the process is cumbersome and time-consuming.

Discussion and Decision:

ADC (I) informed that a meeting has been held between Import, Export and General Commissionerates for streamlining the procedure of third country Re-export.

ADC also informed that a meeting with MIAL and BCBA was conducted for assessing the possibility of setting up of a Bonded Warehouse in the ACC premises. MIAL has agreed to prepare and present tariff proposals prior to implementation. All participants agreed in principle to initiate a pilot project with a small dedicated space after ascertaining the volume of such exports.

(Point Open)
Action: General, Import & Export Commissionerate

FRESH AGENDA POINTS RECEIVED FROM TRADE/STAKEHOLDERS

1) Delay in Manual Generation of Test Memo:

BCBA reported that when Bills of Entry are provisionally assessed with an examination order requiring samples for testing, the system often fails to generate the Test Memo due to technical issues. As a result, Test Memos must be created manually.

However, there are significant delays (3–4 days) in obtaining approval for manual Test Memos because Shed Officers must request permission from the ADC via the e-Office system (File No. 667/3.12.2025). These delays lead to heavy demurrage costs for importers.

BCBA has requested that the approval process be streamlined by empowering Shed Officers to manually generate Test Memos within a maximum of 2 hours in cases of system-related issues.

Illustrative cases:
- B/E No. 5894741 dated 24.11.2025 (delay of four to five days)
- B/E No. 5809138 dated 20.11.2025

Discussion and Decision:

ADC (I) informed that due to change of charges in Import Shed, there was a delay in the cases cited by BCBA. All the Stakeholders have been sensitized to expedite such requests as per law.

(Point Closed)

---

2) Delay in Faceless Assessment Due to Non-Intimation of B/E Status:

BCBA highlighted that Customs Brokers are facing significant delays when Bills of Entry are pushed back to the PAG without any system-generated intimation. In such cases, the Customs Broker is unable to ascertain the status of the Bill of Entry for four to five days.

BCBA further pointed out that there is presently no designated contact point or helpdesk to trace such "missing" Bills of Entry and that delays continue even after complaints are registered through AEM.

BCBA requested that necessary departmental assistance be provided to promptly trace and communicate the status of such Bills of Entry upon request from Customs Brokers.

Illustrative case:
- B/E No. 5875951 dated 23.11.2025

Discussion and Decision:

BCBA representative highlighted the issue that the BE status could not be checked from ICEGATE leading to considerable delays especially when a BE is pushed back from FAG.

Commissioner asked the BCBA to submit a representation for escalating the matter to DG Systems.

(Point Open)
Action: BCBA

---

3) Delay in Bonding of the goods:

BCBA highlighted that Into-Bond Bills of Entry are being kept on hold until receipt of the NOC from Plant Quarantine (PGA), resulting in levy of substantial demurrage charges at the Air Cargo Complex (ACC).

BCBA pointed out that earlier, bonding of such Bills of Entry was permitted prior to receipt of the PGA NOC. Reference was made to JNCH Public Notice No. 23/2017 dated 01.03.2017, wherein similar facilitation had been extended.

On behalf of the trade, BCBA requested issuance of a similar Public Notice at ACC permitting bonding of goods pending receipt of the PGA NOC, so as to avoid undue delays and mitigate high demurrage charges.

Illustrative cases:
- B/E No. 5928352 dated 26.11.2025
- B/E No. 5974131 dated 28.11.2025

Discussion and Decision:

Commissioner stated that the practice can be ascertained at other ports and Board's instruction for into-Bond Bills of Entry to assess the provisions for facilitation of bonding of such consignments.

(Point Open)
Action: Import Commissionerate

---

4) Labour shortage at MIAL Export Heavy Shed:

BCBA highlighted a recurring and acute shortage of labour at the MIAL Export Heavy Shed, particularly during peak hours and in the days preceding holidays. It was further pointed out that similar shortages were experienced even during the previous week.

BCBA stated that due to inadequate manpower, there are significant delays in cargo handling and clearance, causing operational difficulties for the trade.

BCBA requested that adequate manpower be deployed at the Heavy Shed, especially during peak periods and holidays, to ensure smooth and timely cargo operations.

Discussion and Decision:

The BCBA Representative stated that the issue of shortage of manpower at MIAL Export Heavy Shed is a regular problem leading to delay in cargo handling and clearance.

MIAL Representative stated that there is no shortage of manpower at MIAL Export Heavy Shed. During surge of movement at peak hours and around joint holidays, issues are faced due to space constraints in MIAL.

Commissioner suggested the BCBA to communicate the issue of manpower shortage to MIAL, whenever such situation arises. Commissioner also advised MIAL to keep a record of the same for effective monitoring so that the matter can be taken up for discussion in the next meeting with concrete data on manpower.

(Point Open)
Action: BCBA and MIAL

---

5) Scanning machines not working at MIAL Export Heavy shed:

BCBA highlighted that all scanning machines at the MIAL Export Heavy Shed are not operational simultaneously, as one or two machines are often under repair or servicing. Consequently, cargo load is diverted to the remaining machines, leading to congestion, particularly during peak hours and pre-holiday periods.

BCBA pointed out that the slow pace of scanning under such circumstances results in delays in cargo clearance.

BCBA requested that all scanning machines be made fully operational from morning hours, especially during peak periods, to ensure smooth and timely clearance of export cargo.

Discussion and Decision:

CSC Representative informed that the Scanning machines installed at MIAL Export Heavy Shed are working properly. At times, when any machine breaks down, it is repaired at the earliest.

Commissioner suggested the BCBA to communicate the issue of breakdown of Scanning machines to MIAL and keep a record for better monitoring.

(Point Open)
Action: BCBA and MIAL

---

6) Space issue in Perishable Cargo Terminal (PCT):

BCBA highlighted that severe congestion is being experienced at the Perishable Cargo Terminal due to acute space constraints. As a result, vehicles are taking considerable time for off-loading, leading to increased detention and adversely impacting cargo handling operations, including flight delays.

BCBA requested that the matter be taken up with the Cargo Service Centre (CSC) for augmentation of space and handling capacity, so that increased volumes can be managed efficiently and goods can be off-loaded in a timely manner.

Discussion and Decision:

BCBA Representative highlighted the issue that MIAL has not expanded the Cargo space in Shed since long.

ADC (I) informed that as per Pr. Commissioner's direction in the last PTFC meeting, a meeting was held with the stakeholders where MIAL agreed to come up with proposal for space soon.

(Point Open)
Action: MIAL

---

7) Installation of a Gate Scanner for Oversized Cargo:

ACAAI highlighted the long-pending requirement for installation of a dedicated gate scanner at ACC Sahar for oversized cargo, similar to JNPT, to avoid manual examination that causes congestion, delays, and inefficiencies. The facility would improve scanning efficiency, compliance, and support EXIM trade.

ACAAI requested that the matter be taken up on priority with a clear implementation roadmap and timeline.

Discussion and Decision:

Commissioner suggested BCBA and ACAAI to hold a meeting with MIAL for assessing the possibility of installing a Gate Scanner as per existing Circulars and Directions of Bureau of Civil Aviation.

(Point Open)
Action: BCBA, ACAAI and MIAL

The meeting ending with vote of thanks.

This issues with the approval of the Commissioner of Customs, Import, ACC, Mumbai.
