Shri Harish Zade	Lufthansa Cargo

At the outset, Commissioner of Customs (Import/General) welcomed the members of Trade, Customs Broker Associations, Representatives of Airlines/Custodian, and other stakeholders present for the virtual meeting.

Following agenda points were taken up:

A. OPEN POINTS FROM LAST PTFC MEETING HELD ON 26.10.2021

1. Shifting of TSK counter near ACC Import Appraising group (General)

In view of the monsoon season, BCBA requested that TSK counter, which is visited frequently by CB Staff, should be shifted near Import Appraising group. This request in on humanitarian ground due to monsoon.

In previous meeting, Commissioner (Import/General) directed ADC, Import to examine the proposal and sort out the issue, if possible. ADC (Import) informed the members that the possibility was explored for space to shift TSK in ACC Cargo main building but as of now, it is not possible immediately to shift TSK inside ACC building. BCBA thanked Commissioner (Import/General) for considering the issue and Commissioner (Import/General) assured BCBA that it will be done as and when space will be available in ACC main building.

2. Sh. Warkad Yogesh Nilkanth, Regional Deputy Director, WCCB, WR, Navi Mumbai requested to include the names of **restricted/prohibited wildlife species (plants and animals) in the Risk Management System**. Commissioner (Export) suggested that a letter may be sent to him in this regard so that the matter will be taken up with Risk Management Divison.

No one was present in the meeting on behalf of WCCB. ADC (Export) suggested that a meeting may be convened with WCCB officials and they may be asked to come with a note on the said issue so that matter can be conveyed to DG, Systems. Commissioner suggested sending a letter to WCCB regarding the same.

Action By: ADC (Export) & WCCB

3. Ledger Print for License (Export)

At present, trade is facing difficulties in checking the balance amount for the various licences which are debited during clearance. As per the discussion held in PTFC meeting dated 29.10.2021, point No 3, they requested that suitable PN may kindly be issued instructing the licence dept. to provide the balance / printout of ledger for the licences used for clearance.

JC, Export noted the request of the trade and informed the members that they would examine the same and come up with the solution in the next meeting. In previous meeting, JC(Export) informed the members that after examining the issue, it was found that in most of the cases, there is requirement from DGFT for ledger print for issuance of any kind of certificate. So, in such cases, JC (Export) informed that they will provide a solution.

ADC (Export) informed the members that Export Commissionerate is already having the facility of providing the ledger print in case of Advance and EPCG

cense on request and as per DGFT requirements. Moreover, they are in the process of formalising the mechanism and the same will be conveyed to Trade as soon as it gets done.

(Point Closed)

B. Fresh Agenda Points:

Points raised by BCBA:

1) **Time bound process for amendment of BE may kindly be worked out for the following cases**:

ADC (Import) requested to present the issue and solution. BCBA informed the members that normally, an amendment takes 2 to 3 days for processing and requested for a time bound process in this matter. BCBA informed that at present trade is experiencing considerable delay in carrying out amendments due to parallel manual process. BCBA further informed that for an amendment: initially, BE is recalled; AO gives query for amendment; AC/DC need to release BE; amendment is done; query is replied; AC/DC releases BE; AO assesses BE again on the basis of amendment and then BE is finally assessed.

Commissioner (Import) and ADC (Import) commented that this is more of a system issue and the same practice is going on at the other ports. ADC (Import) informed BCBA to submit a proposal and suggestion in this regard so that matter can be examined on the lines of directions by Board in case of PAG and FAG Bill of entry and if required, so that matter may be escalated to DG (Systems).

(Point Closed)

2) **Wrong examination orders given by the FAG for the BoE assessed by them on first check / second check basis, it is creating tremendous delay in clearance, such irrelevant examination order should be corrected at PAG level without delay.**

BCBA proposed that TSK Counter/Shed DC should ideally correct such wrong examination orders to avoid the delay.

Commissioner (Import) informed that there are no such guidelines from Board and we need to wait for proper guidelines in this regard. BCBA agreed to the same.

(Point Closed)

3) **Preparation of Note Sheet by AO's directly**:

BCBA suggested that as per the earlier practice, note sheets be kindly prepared by AO directly instead of getting them prepared through Examiners/TA's because trade is experiencing delay due to such time taking file process. BCBA requested to cut down the time.

Commissioner (Import) directed ADC (Import) to examine the issue and find out a solution.

(Point Closed)

The meeting ended with a vote of thanks to the Chair.

This is issued with the approval of Commissioner of Customs (General /Import/ Export), Mumbai Customs Zone-III.
