S.K. Singh	SBI

Commissioner of Customs (Import) welcomed the Pr. Chief Commissioner of Customs, Mumbai Customs Zone-III and members of trade, Customs Brokers, Airlines Representatives, Custodian Representatives, and other stake holders present in the meeting and started the meeting. During the meeting following agenda points were discussed:

Points raised by BCBA –

1) Due to limitation of EDI system and error in system, whenever a BE is submitted with INCOTERM C&I, EDI system automatically calculates 20 % freight instead of actual freight amount mentioned at the time submission of BE. This results in amendment of BE by re-calling the BE by the group DC and also payment of Rs.1000/- for amendment charges. Trade has suggested that EDI system needs to be rectified to ensure that actual freight amount should be accepted as declared and hence Directorate of System, New Delhi needs to be represented accordingly. Till such time EDI system is rectified, amendment of Rs. 1000/- need not be recovered from Trade till such time.

   As per the provisions of Valuation Rules, the EDI System has to calculate Assessable Value after taking into account, FOB, actual freight or 20% of FOB whichever is less, & insurance amount. It was pointed out by Trade that in case of C&I consignment, there is problem in calculation of Assessable Value by EDI system. It was suggested by Customs (Import), that 2-3 case study can be given so that it can be taken up with DG(System).

   (Customs – Import)

2) Processing of Export consignment at ACC Mumbai has been adversely affected due to slowness in message exchange between Custodian and Customs and vice – versa. This results delay in CARR message exchange since couple of months. This is causing delay in processing of Export consignments. In order to reduce the dwell time for exports, necessary changes in the Customs EDI system are kindly made to ensure timely processing of export consignments.

   Commissioner (Export) informed that the problem occurs in some cases and not for all Shipping bills. However the issue has been taken up with the DG(System).

   (Issue Closed)

3) **Delay in clearance of drawback disbursal due to system issue**

   Trade has requested to kindly look into the matter as the trade is having difficulty to receive the drawback amount in their account.

   Commissioner (Export) informed that the letter has already issued to DG(System) on this issue. And also he will peruse the matter personally with ADG(System).

   (Issue Closed)

Scanned with CamScanner

4) Print of the ledger is required, after import consignments are cleared, the importer is asking for the details of the value available in the license. Trade has requested to provide the print to CBs when required.

Commissioner (Export) informed that the matter has taken up with DG(System), so that License balance and other details will be available to trade in the system.

(Issue Closed)

बैठककासमापनअध्यक्षमहोदयोंकोधन्यवादज्ञापनकेसाथहुआ।
The meeting ended with thanks to the Chairman.
