<u>New Agenda points taken up in the Meeting</u>

1. implementation of E-Sanchit for export

In view of providing transparency to the Export , the trade has requested to issue suitable facilitation notice regarding mandatory documents which are required to be uploaded in E-Sanchit for export.

3. There are some agents whose PAN based CHA number is recorded wrongly in ICEGATE and due to this they are unable to complete the function of "Goods Registration" for imports. The trade approached ICEGATE in this matter but not getting proper response.

The Representative of ACAAI informed that in some cases when they proceed for registration of their goods in ICEGATE they receive a message that CHA number does not tally with the CHA number mentioned in the BOE. They informed that they contacted ICEGATE and RMD however the issue could not be resolved.

The Commissioner of Customs (Export) informed that when Customs broker is able to file a BoE with his CB number it doesn't seems that the same number is not accepted during goods registration. The Commissioner of Customs (Export) asked the CB's to submit some of the screenshots of such errors to EDI section for complete understanding of issue in the last PTFC, however, no screenshots has been received so far. Therefore, the Commissioner of Customs (Export) reiterated to submit some of the screenshots of such errors to EDI section.

The Trade has requested the department to work out a mechanism for re-assessment of Bills of entry for recovery of differential customs duty with interest by enabling recalling of bills of entry under EDI system as trade is unable to make payment of differential Custom duty and interest due to delay in re-assessment.
The Commissioner of Customs (Export) informed that necessary instruction will be issued to all appraising group regarding re-assessment of the Bills of Entry for recovery of less Charge provided they approach with Importer's letter and Consultative letter.
