1. **Points discussed in the previous meeting**

**A. Tremendous delay in clearing the import consignments arrived at Air India Shed, points of actions required by Air India:**

In the previous meeting the representative of BCBA raised the following points:

a. After arrival, the packages are getting deposited to shed for clearance late by more than 24 Hrs.

b. Big lot, say where the number of packages are higher in quantity with heavy weight of the consignment are landing part, no intimations are available to importers about this as the EDI systems show the total packages are arrived in one IGM. During physical clearance, it is found by the CB that the goods are arrived in part.

c. While CB takes the delivery of the RMS consignment (for e.g. one package fifty kgs), on post clearance, importer is complaining part receipt of the goods, and later, it is found that package was delivered in part, this is due to mishandling of the pallet which was broken and no re-packing was done when it was broken at Air India warehouse.

d. The procedures followed by the Air India to write the R Number on each package should be changed like MIAL has done. To give R Number to each package is required manpower like loaders, fork lift and duty officer. By following this procedure, the errors are happening by giving wrong R Numbers on the packages or the packages are getting damages (it is carried out under carpet) and no corrective actions takes place.

e. Air India is not providing the facility of the online payment of the warehouse charges for import consignments, the same facilities is comfortably available by the other custodian (MIAL). The members have to stand in the long queue for payment. This is directly affecting the increase in dwell time records.

f. During the rain, there is leakage found at Air India Light Shed needs to cover the roof.

g. Inside the export shed, the loaders are not available for unloading of the packages.

h. Needs more manpower, forklift, exhaust fans, lights, camera in the shed is required.

The representative of AIATSL informed the house that there is an improvement in operation as three electric forklifts and manpower were added in the Air India Shed. The representative of BCBA, Shri Ketan Desai also informed the house that electric forklifts are deployed in the Air India Shed, he also informed the house that phone number of individual are also displayed in the shed for any further assistance.

The Commissioner (Export) appreciated the initiative taken by AIATSL and directed to take further initiatives to resolve the issue raised by trade.

**B. Issuance of Registration Certificate for Consolidator at ACC:**

In the previous meeting, the representative of BCBA submitted that the CBs at Air Cargo facing difficulty in obtaining themselves as a "Consolidator", CBs has to visit New Custom House to obtain the registration certificate as a consolidator. They requested that such arrangements should be made at ACC, Mumbai.

Commissioner (Export) informed the house that a letter has already been written to the Principal Commissioner of Customs (General), New Custom House, Mumbai Zone-I. Once the reply is received from New Custom House, Mumbai Zone-1, necessary action will be taken in consultation with the Chief Commissioner of Customs, Mumbai Zone-III.

**[Action: Point Closed]**

**C. Instruction to Custodian for not asking for stamp and sign for Bills of Entry:**

In the previous meeting the representative of BCBA submitted that online goods registration for the import consignment is facilitated by ICEGATE from last week, the members are enjoying this facility which is reducing the delay in import clearance. The association (BCBA) requested for instructions from Customs to be given to the custodian to not to ask for the off line goods registration like endorsement on the documents, the security is asking for stamp and sign of the Tax Assistant of customs on the Bills of Entry, the practice was followed in case of off line goods registration of the Bills of Entry.

Commissioner (Export) informed the house that a letter has been written to the Additional Director General (ICES), Director General of Systems, New Delhi with a request to make suitable arrangements to enable the EDI system for exchanging the message of online registration of the goods with Custodian Management System. He also informed the trade representative that it might take some time to start exchange of message with the Custodian Management System in online registration of the goods. Till the process of message exchange starts, manual process may be followed.

**(Action: Point Closed)**

**2. <u>New point taken for discussion in the meeting</u>**

**A. Delay in examination of import consignment due to frivolous examination order:**

In the instant meeting the representative of BCBA submitted that frivolous examination order are delaying examination of import consignments e.g. verify GATT declaration, verify actual user declaration etc. They requested to give necessary instruction to avoid such kind of examination order.

Commissioner (Export) informed the trade representative that matter will be examined and suitable instruction will be issued in this regard.

**B. Preparation of Traffic Management Plan to avoid the delay of docking of trucks at Import and Export Shed:**

In the instant meeting the representative of BCBA submitted that to handle the increase in number of trucks coming to ACC, Mumbai, there is immediate need to prepare a traffic management plan in order to avoid the delay of docking of trucks at import and export shed.

The representative of MIAL informed the house that they have issued Traffic Management Plan on 5th November, 2018 and copy of the same has been served to the trade representatives. The representative of MIAL also stated that they conduct a CAFAC meeting with trade on 30.11.2018 and the issue will be discussed in this meeting.

**(Action: Point Closed)**

**C. Delivery of Cargo on Holiday and Sunday where Out of Charge is given by Customs:**

In the instant meeting the representative of BCBA suggested that in order to improve the dwell time of import cargo, to facilitate timely clearance and improve the index of Ease of Doing Business, consignments where examination and out of charge is already given by Customs, the delivery of such cargo should be permitted on holidays and Sunday.

The representative of Custodian (MIAL) informed the house that trade has not raised the point with them in this regard. They also informed the house that they would work out together with the trade and resolve the concern of the trade in this regard.

**(Action: Point Closed)**

**D. Enhancement of Fee for Entry Passes by MIAL:**

In the instant meeting the representative of BCBA submitted that MIAL entry passes were so far being issued to CBs and CB Employees at Rs.30/- per pass with a validity of 5 years. Without prior notice to the trade, MIAL has increased the entry pass fee from Rs.30/-to Rs.625/-. Further, any unilateral increase of charges without prior notice to trade is unacceptable. They suggested that providing of entry pass is the sovereign function to observe security arrangement. Trade should not be made to pay for entry passes. It is inherent function of state to provide security.

The representative of MIAL informed the house that the matter can be discussed in the CAFAC meeting which is scheduled to be held at the end of this month.
