1. **Points discussed in the previous meeting**

A. Requirement of bonded Warehouse within air cargo complex for bonding and Re-Export purpose:

In the previous meeting the representative of BCBA submitted that facility of bonded Warehouse within air cargo complex with the custodian (MIAL & Air India) is highly required for the importers. Many consignments are imported for re-export to third country are facing tremendous delay. Presently, such import consignments are taking 15 to 20 days for Bonding and Re-Export to third country. In this competitive international market, the Indian merchants are far behind due to heavy cost to handle such transaction. The facility of bonding consignment at ACC will boost the export as well as reduce the cost for the entrepreneurs.

The representative of MIAL reiterated that that at present there is acute shortage of warehouse storage space within Air Cargo Complex. The same can be considered during the implementation of cargo master plan development and requested to close the point. The Commissioner (Import) has directed the representatives of MIAL not to put the matter in abeyance but they should try to start a unit of bonded warehouse with a small area at initial stage.

[Action: Point Closed]

B. Tremendous delay in clearing the import consignments arrived at Air India Shed, points of actions required by Air India:

In the previous meeting the representative of BCBA raised the following points:

a. After arrival, the packages are getting deposited to shed for clearance late by more than 24 Hrs.

b. Big lot, say where the number of packages are higher in quantity with heavy weight of the consignment are landing part, no intimations are available to importers about this as the EDI systems show the total packages are arrived in one IGM. During physical clearance, it is found by the CB that the goods are arrived in part.

c. While CB takes the delivery of the RMS consignment (for e.g. one package fifty kgs), on post clearance, importer is complaining part receipt of the goods, and later, it is found that package was delivered in part, this is due to mishandling of the pallet which was broken and no re packing was done when it was brake at AI warehouse.

d. The procedures followed by the AI to write the R Number on each package should be changed like MIAL has done. To give R Number to each package is required manpower like loaders, fork lift and duty officer. By following this procedure, the errors are happening by giving wrong R Numbers on the packages or the packages are getting damages (it is carried out under carpet) and no corrective actions takes place.

e. Air India is not providing the facility of the online payment of the warehouse charges for import consignments, the same facilities is comfortably available by the other custodian (MIAL). The members have to stand in the long queue for payment. This is directly effecting the increase in dwell time records.

f. During the rain, there is leakage found at AI light shed need to cover the roof.

Scanned by CamScanner

g. Inside the export shed, the loaders are not available for unloading of the packages.

h. Needs more manpower, forklift, exhaust fans, lights, camera in the shed is required.

Commissioner (Import) informed the house that problem faced by the trade has been communicated to Shri Mukesh Bhatia, Executive Director (WR), Air India Limited with a request to look into the matter and issue necessary directions to resolve the grievances of the trade for smooth clearance of the goods. The representative of AIATSL has informed the house that they have not received any direction from Air India in this regard. Commissioner (Import) assured the house that the matter will be reminded to Air India.

[Action: Air India]

C. Issuance of Registration Certificate for Consolidator at ACC:

In the previous meeting, the representative of BCBA submitted that the CBs at Air Cargo facing difficulty in obtaining themselves as a "Consolidator", CBs has to visit New Custom House to obtain the registration certificate as a consolidator. They requested that such arrangements should be made at ACC Mumbai.

The Additional Commissioner (Import) has informed the house that the matter is under examination.

[Action: Customs]

D. Requirement of Laser Printer in the Shed:

In the previous meeting, the representative of BCBA submitted that Laser Printer is required in the shed to resolve the print quality of BE, SB after OCC and LEO.

The representative of MIAL has informed the house that all heavy duty line printers were checked and upgraded to resolve the printing issue. However, it was noticed that after the recent version update of customs icegate application, there is a change in the quality of print output with respect to fonts and formats. This issue needs to be taken up with the icegate application team as there is no problem with the current printers.

[Action: Customs EDI]

E. Increase of Working Hours of Drug Controller Office:

In the previous meeting, the representative of BCBA submitted that CBIC has implemented 24x7 working whereas Assistant Drug Controller (ADC) vide its office Order No. 5/00/ADC/Mumbai/2018/1174 dated 25.06.2018 is detrimental to the endeavour of reduction in dwell time for clearance. Due to change in working hours of the ADC Office, the importers/customs brokers are facing difficulty in clearance of the imports and export consignments. This reduced working hours is not only increases the dwell time records but also increases the cost and competition for the trade members, and requested to restore the working hours on Saturday from 10 am to 5.30 pm and only 2nd Saturday shall be closed holidays.

Scanned by CamScanner

The representative of Assistant Drug Controller, ACC informed the house that they have communicated the matter with higher authority for further decision and necessary action. The Commissioner (Import) has directed the representative of Assistant Drug Controller to pursue with his higher authority in the matter for early resolution.

[Action: ADC Office]

F. E-Sanchit Facility for Re-Import:

In the previous meeting, the representative of ACAAI submitted that in E-Sanchit, when we have a re-import shipment, there is no provision to upload the export documents like "Shipping bills, Export Invoice etc." We request that this facility be made available in E-Sanchit.

Commissioner of Customs (Import), ACC informed the house that letter has been written to Addl. Director General, DG Systems, New Delhi with a request to look into the matter and necessary provision may be made to upload export documents such as Shipping Bill, Export Invoice etc. in E-sanchit at the time of filing the Bill of Entry for re-import.

[Action: Point Closed]

2. <u>New point taken for discussion in the meeting</u>

A. Problem regarding credit of drawback/IGST refund in Exporters Bank Account:

In the instant meeting, the representative of BCBA submitted that there are several instances in Exports, where the scroll is generated for drawback/IGST refund, however, the same is not credited in Exporters Bank Account. They seek kind intervention from Customs to resolve the issue.

The Commissioner of Customs (Export) informed the house that this is all India issue and he is in touch with the Additional Director General, Systems to resolve the issue. He assured the house that the issue will be resolved within one week.

[Action: Point Closed]

B. Dispensing of submission of documents at the time of Registration and Out of Charge in view of e-sanchit:

In the instant meeting, the representative of BCBA submitted that dispensing with requirements of documents being submitted at the time of Registration and Out of Charge in view of e-sanchit.

The Commissioner of Customs (Import) informed that it has been observed that in some of the cases Bills of Entry are filed with insufficient/incomplete documents uploaded in E-sanchit. He requested that representative should advise their members to submit all the mandatory documents in E-sanchit. Till all the required documents are not be uploaded in E-sanchit at the time of filing of Bill of Entry, the practice of submission of documents at the time of Out of Charge will not be dispensed with.

[Action: Point Closed]

C. **Transhipment permission:**

In the instant meeting, the representative of BCBA submitted that transhipment permission needs to be provided within 1 hour of application.

The Deputy Commissioner of Customs (Preventive General) informed the house that the transhipment permission is already being provided within 1 hour. However, online transhipment takes only five minute and manual transhipment takes half an hour. The Commissioner (Import) advised that if there is a special case of delay, same should be brought to the notice of DC(PG) for redressal.

[Action: Point Closed]

D. **Delay in clearance due to lack of facilities at Air India Shed:**

In the instant meeting, the representative of BCBA submitted that delay in handling of consignments at Air India Shed in contributing in increase in dwell time of clearance of consignment at ACC Mumbai. There are only 1 or 2 forklift operators for handling of consignments, thus leading to tremendous delay. Trade is made to run Pillar to Post for clearance of consignments through Air India. They make a sincere request to the house for addressing the matter in CCFC meeting also and addressing the same with Ministry of Civil Aviation for suitable improvement. The endeavour of reduction in dwell time is defeated for clearance of consignments in Air India.

The Commissioner of Customs (Import) informed the trade representative that we are continuously taking the issue. He also informed the trade representative that the matter is pertaining to manpower, for which we have already written to Air India. The representative of BCBA has informed the house that they will intimate the issue to the higher authority of Air India with the intimation to the Chairman, PTFC.

[Action: AIR INDIA]

Shri Manoj Singh, Sr. Vice President from MIAL informed the house that they have received AEO Certification. He thanked the AEO team at Air Cargo Complex for guiding them through the long process. Both the Commissioners requested the other trade partners to apply for the AEO status.

बैठक का समापन अध्यक्ष महोदयों को धन्यवाद ज्ञापन के साथ हुआ।

The meeting ended with thanks to the Chairman.

यह स्थायी व्यापार सुविधा कमिटी के अध्यक्ष महोदय आयुक्त महोदय (निर्यात), अंचल-III के अनुमोदन से निर्गत किया जाता है।

This issues with the approval of the Chairman of the PTFC, Commissioner of Customs (Export), Mumbai Customs Zone-III.
