Scanned by CamScanner

1. A. Difficulties faced by trade with Air India

In the previous meeting, the representative of BCBA submitted that they are facing tremendous difficulties with Air India Shed due to non-availability of fork lifts, lack of loaders to handle the packages, etc. In the instant meeting, the representative of BCBA reiterated the problem. Air India vide their Action Taken Report it is informed that sufficient number of forklifts are made available any given time for smooth functioning of cargo activities. The manpower has been restructured accordingly. The Chairman has directed to close the point.

[Action: Point Closed]

B. Tremendous delay in release of online DO

In the previous meeting, the representative of BCBA submitted that they are facing tremendous delay in release of online DO in terms of PN No. 09/2015-16, dated17.07.2015, thus leading to bunching of consignment in the evening peak period.

The Chairman informed the trade representative that the situation is improved now. We need help of trade representative to resolve the issue completely.

[Action: Point Closed]

C. CCTV surveillance in all the shed areas.

In the previous meeting, the representative of BCBA requested to install proper CCTV surveillance in all the Shed Area as this is very essential for overall safety and security. The representative of Air India has informed the house that the CCTV has been installed in the main Area of their Shed. Air India vide their Action Taken Report, it is informed that the present status of CCTV installed in AIATSL sheds have already been submitted to customs. However, the installation of CCTVs in other areas which are not yet covered is on hold due to disinvestment process.

[Action: Point Closed]

D. Monsoon preparedness

In the previous meeting, the representative of BCBA requested the authorities/custodians to ensure that proper steps are taken well in advance before onset of monsoon to ensure that all the import and export consignments are in safe and sound condition. Further, they are requesting to MIAL to ensure that all the Nallas (drainage system) in and around ACC are desilted and cleaned properly to avoid water logging in Air Cargo Complex during monsoon. The representative of Air India has informed the house that AIATSL has already carried out the cleaning work of nullahs and repairing of roof top.

[Action: Point Closed]

E. Issues with Traffic Police

In the previous meeting, the representative of ACCAI submitted that there are many outstation trucks coming into Mumbai with export cargo. All the entry points into Mumbai are closed from 7.00 AM to 11.00 AM and from 5.00 PM to 9.00 PM for outstation trucks. Due to morning closure, all trucks arrive at the ACC, by 12.30 PM and cause heavy congestion and delay in offloading. The Chairman directed the

Scanned by CamScanner

representative of the trade to submit their representation to the MIAL so that representation can be forwarded to the Traffic authority.

The representative of MIAL has informed the house that they had written a letter to the Joint Commissioner, Traffic, Worli Mumbai requesting to give free access of the Export Cargo Vehicle coming to Mumbai Airport. They have also assured the house that a meeting will be conducted with Traffic Department to resolve the issue.

[Action: Point Closed]

F. Issues relating to NOC from Animal Quarantine(AQ)

In the instant meeting, the representative of BCBA submitted that Shipments requiring Animal Quarantine(AQ) NOC are required to be forwarded to their Navi Mumbai office due to absence of any official at Air Cargo, Mumbai. Moreover, practice of giving NOC to out of scope items against import documents submitted by e-mail has been withdrawn and the CB's are required to visit the AQ office at Navi Mumbai with hard copy of documents. They requested that to reduce dwell time and for ease of doing business the following may be implemented:

a) Official from AQ should be deputed at their ACC office for granting NOC.
b) Import document submission via e-mail should be permitted for out of scope items.
c) AQ office should notify the list of products which are out of scope and for which NOC is not required(similar to what FSSAI has done)

No representative from AQCS has participated in this meeting. However, in their reply letter Ref. No. 4052/02.07.2018/110 dated 04.07.2018 they have informed that:

a. Under the current staff strength, it is altogether impossible to depute a AQ officer at Air Cargo Complex for granting NOC. However the same shall be complied as soon as there is new recruitment in AQCS at priority.

b. The OOS items via email are entertained but importers predetermine the bill of entry under OOS category before presenting in AQCS. Hence problem arises which needs detailed conclusive examination.

c. The RMS mapping uploaded on website of AQCS is self explanatory to elicit the OOS items for AQ which can be referred by anybody at anytime.

[Action: Point Closed]

G. Dispense of the register maintained in Batch Office

In the instant meeting, the representative of ACAAI submitted that for clearance of Direct Delivery shipments, the Batch office maintains a Register and 14 items to be entered in this register. This is a manual entry and as per ACCAI this serves no purpose. Accordingly, the representative of ACAAI, requested to remove this register completely as all the details being entered are already available in ICEGATE against that particular BE. The Joint Commissioner of Customs, Import has informed the house that necessary action has been taken in this regard.

2. New point taken for discussion in the meeting

A. Proper transmission of data to the Bank IDPMS systems for remittance:

In the instant meeting the representative of BCBA submitted that importers and exporters are facing problems after post clearance of their consignments due to system problems. Bankers are unable to remit the payment to overseas supplier in case of imports as the Bank IDPMS systems is not showing the status of the Bill of Entry at IDPM systems, similar problems for exporters with their bank's EDPM systems shows the Shipping Bill as cancelled. In such cases, the exporters are not getting their remittance even it is ready to remit them by their Bank (AD).

The Chairman assured the trade representative that a meeting scheduled to be held with RBI authority. Since the matter is pertaining to Banking Systems. Hence, trade representative will be called for to attend the said meeting and raise their issue with RBI.

[Action: Point Closed]

B. Smooth EDI Connectivity:

In the instant meeting the representative of BCBA submitted that frequent break down in EDI Connectivity and Shipping Bill printing LEO, systems working should be monitored by the department to avoid fire fighting by the trade.

The Chairman informed the trade representative that this is not a localized issue for which we have a local solution. It comes up when software update process is going on.

[Action: Point Closed]

C. More printers required for printing of Shipping Bills:

In the instant meeting the representative of BCBA submitted that quality of AB Prints after LEO is not conducive for reading, there is also a need to increase the number of printers for SB printing.

ADC (Import) has informed the trade representative that the printing thing is going to be stopped. Board has already issued an instruction; we are also waiting for that to be implemented. The moment it is implemented there is no need of waiting and taking print. We have already issued Public Notice, if electronic communication is there we are not insisting for print out.

[Action: Point Closed]

D. Requirement of bonded Warehouse within air cargo complex for bonding and Re-Export purpose:

In the instant meeting the representative of BCBA submitted that facility of bonded Warehouse within air cargo complex with the custodian (MIAL & Air India) is highly required for the importers. Many consignments are imported for re-export to third country are facing tremendous delay. Presently, such import consignments are taking 15 to 20 days for Bonding and Re-Export to third country. In this competitive international market, the Indian merchants are far behind due to heavy cost to handle

Scanned by CamScanner

such transaction. The facility of bonding consignment at ACC will boost the export as well as reduce the cost for the entrepreneurs.

The representative of MIAL has assured the house that they will look into the issue and reply the house within one month.

[Action: MIAL]

E. Tremendous delay in clearing the import consignments arrived at Air India Shed, points of actions required by Air India:

In the instant meeting the representative of BCBA raised the following points:

a. After arrival, the packages are getting deposited to shed for clearance late by more than 24 Hrs.

b. Big lot, say where the number of packages are higher in quantity with heavy weight of the consignment are landing part, no intimations are available to importers about this as the EDI systems show the total packages are arrived in one IGM. During physical clearance, it is found by the CB that the goods are arrived in part.

c. While CB takes the delivery of the RMS consignment (for e.g. one package fifty kgs), on post clearance, importer is complaining part receipt of the goods, and later, it is found that package was delivered in part, this is due to mishandling of the pallet which was broken and no re packing was done when it was brake at AI warehouse.

d. The procedures followed by the AI to write the R Number on each package should be changed like MIAL has done. To give R Number to each package is required manpower like loaders, fork lift and duty officer. By following this procedure, the errors are happening by giving wrong R Numbers on the packages or the packages are getting damages (it is carried out under carpet) and no corrective actions takes place.

e. Air India is not providing the facility of the online payment of the warehouse charges for import consignments, the same facilities is comfortably available by the other custodian (MIAL). The members have to stand in the long queue for payment. This is directly effecting the increase in dwell time records.

f. During the rain, there is leakage found at AI light shed need to cover the roof.

g. Inside the export shed, the loaders are not available for unloading of the packages.

h. Needs more manpower, forklift, exhaust fans, lights, camera in the shed is required.

The representative of AIATSL has informed the house that in the agenda there are certain points which are supposed to be addressed by Air India, AIATSL is subsidiary of Air India, so he can discuss only on that point which pertains to arrival, departure etc. He also informed the house that these issues are beyond his limit and also the limit of GM level officer. Only higher level officer will take action to resolve such issues. The Chairman directed to distinguish Air India and AIATSL and also assured the trade representatives that the matter will be communicated with higher authority of Air India.

[Action: Customs (PRO)/ Air India/AIATSL]

F. Avoid Testing of the textiles/textile articles for its composition and presence of Azo Dyes:

In the instant meeting the representative of ACAAI submitted that standing order No 42/2016 related to Testing of Imported Textile/Textile Articles for its composition and Hazardous Dyes, the countries not mentioned in the list of exempted countries, if a lab of each of the countries could be approved and informed there by avoiding Testing of the textiles/ textile articles especially Garments in Indian labs to save time in clearance and demurrage to the Importers.

The Chairman has informed the trade representative that the matter pertains to Ministry of Textile and Ministry of Commerce and it may be taken at Ministry Level.

[Action: Point Closed]

G. <u>IGST Refunds</u>

The representatives of the trade conveyed their thanks to the Chairman on successful implementation of recent IGST refund drive. They thanked the staff for coming on Saturdays, Sundays and Holidays like Eid for the benefit of trade. The Additional Commissioner (Export) assured the trade that in future they will facilitate the trade and not just during the fortnight only. He requested the trade representative that the Bank Accounts of Exporters to be PFMS validated for clearance of further IGST Refund amount. Trade also appreciated the efforts taken by EDI officer to resolve the trade problem during system slow down.

बैठक का समापन अध्यक्ष महोदयों को धन्यवाद ज्ञापन के साथ हुआ।

The meeting ended with thanks to the Chairman.

यह स्थायी व्यापार सुविधा कमिटी के अध्यक्ष महोदय आयुक्त महोदय (निर्यात), अंचल-III के अनुमोदन से निर्गत किया जाता है।

This issues with the approval of the Chairman of the PTFC, Commissioner of Customs (Export), Mumbai Customs Zone-III.
