14.	Indra prakash	Asst. Commissioner	Import
15.	Meena Girdhareelal	Asst. Commissioner	Import
16.	Sanjay Banavalikar	Asst. Commissioner	General

3. The Additional Commissioner of Customs, Chief Commissioner's Office, Mumbai Zone-III welcomed the participants.

4. During the course of Power Point Presentation, the following agenda points for the CCFC meeting were discussed.

5.1 Old Agenda Point-1: Improvement in Infrastructure and Service Levels required at MIAL at ACC.

It was decided that a team of following persons would conduct a walk through and submit a report.

i. Mr. Baqir Agha, Mr. Amit Kadam and Mr. Mahesh Bawla from MIAL
ii. Mr. Ketan Desai, Mr. Paresh Sangani and Mr. Kaushal Thakkar from BCBA
iii. Mr. Sanjay Banavalikar, AC, General Commissionerate, Mumbai Zone-III

The report of the walkthrough will focus upon the following issues

i. Increase in usage of first half of the day for trade activities.
ii. Separate in and out gate for vehicles
iii. Gate pass counter

BCBA was directed to submit five case studies along with process flow analyzing the delay in issuance of segregation report from arrival of the flight.

MIAL was requested to submit a timeline for completion of the ongoing projects.

(Action: BCBA/MIAL)

Old Agenda Point-2: Delay in clearance with PGA's

Plant Quarantine (PQ): For obtaining NOC from Plant Quarantine, trade faces considerable difficulty, because online process is not working due to the upgradation of their software for a long time.

Time-bound and swift issuance of NOCs by Additional Drugs Controller, Central Drugs Standard Control Organization (CDSCO) was appreciated by all. Commissioner Import submitted that a letter dated 21.10.2024 has been issued to PQ to expedite the process of issuing NOCs. Commissioner Import was requested, to take up the matter of non-linking of NOCs in the system with PQ, AQ and WCCB authorities.

(Action by: Commissioner (Import))

Old Agenda Point-3: Contact details for the various NACs in Faceless and the issuance of a Public Notice to help the trade address any related issues.

Import Commissionerate has issued a Public Notice dated 21.10.2024 specifying email ids of all NACs.

(Point closed)

Old Agenda Point-4: Request a PN outlining the SOP for conducting Personal Hearing in Faceless, along with a time for issuing speaking orders.

BCBA was requested to submit a detailed representation for further submission to the board.

(Action by: BCBA)

Old Agenda Point-5: Frequent ICEGATE breakdowns are causing delays in clearance. BCBA requested waiver of late filing charges to be given on the same day to avoid further delay in clearance, as these system related disruptions are beyond control of the trade.

BCBA submitted that they have sent a letter dated 26.11.2024 to DG Systems in this matter. BCBA was requested to submit a detailed representation for further submission to the board.

(Action by: BCBA)

Old Agenda Point-6: WCCB has been facing a staff shortage, which is affecting visits to the ACC for NOC issuance of Import and Export Shipments.

The matter has already been taken up with WCCB authorities by Commissioner Import.

(Point closed)

Old Agenda Point-7: Faceless Issues:

(a) Recall and Re-assessment of BoE's in case of incorrect assessment: There are many instances wherein during assessment at FAG, the FAG officer denies the benefit of exemption notification or enhancement of assessable value without raising query.

The matter does not pertain to INBOM4.

(Point closed)

(b) Speaking order not being issued: On various occasion, due to change in assessment carried out by FAG officers, speaking order is seldom issued. For queries like valuation, classification, denial of examination notification etc. speaking order should be issued on immediate basis.

The matter does not pertain to INBOM4.

(Point closed)

(c) BoE being kept aside on low priority: Provision to keep aside the BoE should be withdrawn on urgent basis, as it is totally non-transparent against the basic principle of transparency and predictability.

BCBA was requested to submit FAG wise Bill of Entry data. On receipt of written representation by BCBA, the matter will be taken up with Board.

(Action by: BCBA)

Old Agenda Point-8: BCBA submitted that time taken from entry inward till issuance of segregation report is also included by MIAL in the demurrage charge period.

The matter has been dealt at Old Agenda Point 1 and suitable directions have been issued.

(Point closed)

5.2 New Agenda Point-1: Request to the Custodian ADANI/MIAL/MCSCAPL to disclose number of days for levy of demurrage charges on the receipt issued by them against release of the import consignment. The receipt issued by the AIR INDIA gives proper details including the total number of days and demurrage charges on their receipt.

MIAL submitted that they will take appropriate action in the matter.

(Point closed)

New Agenda Point-2: Considerable challenges resulting in delays while screening heavy packages in Export Shed. Goods registration for processing of Shipping Bill can only be initiated once the goods are carted inside the Export Shed. There have been instanced that heavy packages are taken for screening during later hours so that the flow of general goods in not affected during day time/peak hours, this results in delay in clearance.

MIAL and BCBA submitted that a meeting between them is scheduled on 16.12.2024. The matter will be analyzed in said meeting and subsequently, a report will be submitted to DC, CCO. MIAL informed that a new large scanning machine will be installed by January, 2025.

(Action by: BCBA/MIAL)

New Agenda Point-3: Delay in processing the Section 27 refund claims with the Refund Department. A time bound mechanism should be strictly followed in disbursing the refund claims. Statistical data with regards the application received and its status should be available with the trade so that monitoring of claims can be tracked on real time basis.

BCBA was directed to share the list of refund claims pending for more than 90 days, if any.

(Point closed)

New Agenda Point-4: Delay in Assessment of BE under FACELESS in Group 2A regarding following BE's.

BILL OF ENTRY NO	BILL OF ENTRY DATE
6313756	24.10.2024
6286999	23.10.2024
6068598	11.10.2024

The matter does not pertain to INBOM4.

(Point closed)

New Agenda Point-5: Post Clearance Shipping Bill Amendment: Due to genuine lapse at the time of filing of Shipping Bill where a wrong scheme is availed for example when a free Shipping Bill is filed instead of a DBK Shipping Bill. Further, where there is a documentary proof like invoice that indicates that the said Shipping Bill was intended to be filed under DBK scheme; such cases should be genuinely allowed to be converted on merits after due diligence.

The issue being a policy matter, BCBA was directed to submit a detailed representation for further submission to Board.

(Point closed)

New Agenda Point-6:

a) **Uploading of IGM along with segregation for the convenience of trade and less manual work for all the offices involved and improve the TRS timing.**
b) **To expedite the process of short landing cargo and amendment process.**
c) **Updating unmanifested cargo online.**
d) **Simplified process for part shipment to avoid delays.**

This issue is a policy matter. BAR Cargo was requested to submit a written representation with details for further submission to the Board.

(Point closed)

New Agenda Point-7:

a) **Meeting is pending for Top 15 Importers along with trade members, Customs and MIAL on "Importance of timely duty payment". Due to Late payment of duty, the processing of Import cargo delivery gets delayed which affects the dwell time for import operations, truck movement and delivery of cargo.**
b) **Utilization of early morning hours by trade members for delivery of Cargo. MIAL has already created facility for truck parking which can accommodate more than 400 vehicles at one given point of time. Usage of early morning hours for delivery will ensure optimization of utilities and manpower and would also distribute loads for delivery of import shipments per day. This would help the Trade, Customs and Custodian for seamless movement of processing of cargo at imports.**

The matter has been dealt at Old Agenda Point 1 and suitable directions have been issued.

(Point closed)

5.3. With the permission of the Chair, the following agenda point were taken up.

New Agenda Point 8: BCBA submitted that DyCC report does not gets linked to the ICEGATE system.

BCBA was directed to submit a detailed representation so that reference can be made to the Board in this regard.

(Action by: BCBA)

6. The email ids of Central Registry Units (CRUs) of all Commissionerates of Mumbai Zone-III have been provided below to enable all stakeholders to reach out Customs authorities regarding any query or suggestion.

i. Airport Commissionerate: **commrap-cus1mum-3@nic.in**
ii. Airport Special Cargo Commissionerate: **apsc.mumbai@gov.in**
